about

# CASA | THREE SIXTY FIVE°

After over **30 years** in the construction industry, creating luxury offerings with the right amalgamation of knowledge, skills and diligence has become CASA Three Sixty Five's innate identity.

As **master contractors**, we keep the process under control from start to finish and concentrate on bringing your vision to life, down to the finest details. We deliver **luxury spaces** using skills that go beyond construction.

We have carved a significant niche for ourselves when it comes to **turnkey projects**, by conceptualizing and delivering ready to move in **high-end premium villas, farmhouses and apartments** in and around Delhi NCR. We focus on delivering **luxury with utmost precision**.

With a flair for everything premium, CASA Three Sixty Five is synonymous with luxury construction. We work with the industry's finest – architects, interior designers, product manufacturers, vendors and skilled personnel - to **make your dream house look beyond ordinary**.

A vast number of successful projects stand testament to the wide and varied palette of unique, exciting spaces that we deliver. Our work folio includes exquisitely crafted semi-furnished and fully-furnished homes. Going beyond the obvious, we specialize in boutique and modern amenities such as **home theatres, swimming pools, vertical landscapes, spa's equipped with steam, sauna and jacuzzis**.

When it comes to **customised solutions**, the possibilities are endless with CASA Three Sixty Five. We understand your vision first, and add our perspective second, making the process conducive to your comfort and choice.

Our homes clearly speak of our **passion**. The meticulous planning, innovation, dedication and futuristic approach of our team ensures a **hassle free experience and timely delivery**. Often, there is a disappointing gap between a client's vision and the actual outcome. What we do at CASA Three Sixty Five is bridge this gap.

why

CASA | THREE  
SIXTY FIVE°

Because we don't stop just at providing 365 degree solutions as master contractors. We take that extra step by offering **design consultation, PMC & liasioning services** to ensure a smoother and stress-free experience.

We passionately work 365 days promising an **ethical & transparent work culture** to bring greater quality and value to your vision. Our **reliable and professional team** puts all its energies into building luxurious spaces that never fail to catch the eye.

## ideology & purpose

Day in and day out, we exceed the expectations of our customers through **innovative and effective solutions**. At CASA Three Sixty Five, there's only one thing that matters - **customer satisfaction**. With our unique approach to every project, we go that extra mile to do things right and seek excellence in all that we undertake.

We work with the best people, synchronize our duties, and the rest just follows. We don't just build structures with brick and mortar. We create environments that enrich people's lives - both living and working spaces - with a larger vision and attention to the smallest detail.

To sum up, we

**listen - understand - correspond - execute - deliver**

# CASA | THREE SIXTY FIVE° services

We know that every project is unique. That is why we tailor our services to fit your specific needs.

## master contractors

A 365 degree approach which not only includes labour and material procurement with execution but also focuses on planning, consultancy, liasoning and project management services providing a completely hassle free experience. We constantly coordinate with everyone involved in the project - labour, contractors, vendors, architects, structural engineers and government authorities (for compliances), and keep you informed and updated.

## turnkey contractors

When we talk turnkey, we focus on delivering ready to move luxury residences including end to end construction services. This gives you flexibility of choosing your own team of design consultants while we at CASA Three Sixty Five build your dream home.

## project management services

As your project managers or PMC's, we provide you with consultation on how to complete your project within time and without compromising on quality. We help conceptualise, award various contracts, evaluate, follow up and deliver. CASA Three Sixty Five advises you on the best possible professional solutions to all your contracting needs.
